

### TRAX PROFESSIONAL (OE TAPE) 614B / 614C - In grey or black plastic coating

A high instant stick and premium bonding adhesive. A popular weight, widely used by tyre shop and garage customers who want the best adhesive weight sticking solution. Available in 12x5g or 4 x5g/10g pieces. Specifically developed for high performance, the Trax Pro adhesive weights are also recommended for fitting to NEW or REFURBISHED alloy wheels where low surface energy (non-stick) paints and lacquers can cause weights to fall off. The adhesive can be fitted at low temperatures down to MINUS 10°C – typical “blue liner” adhesive weights for OE and aftermarkets are not recommended to be fitted below 16°C. At lower temperatures the “blue liner” adhesive becomes hard and may not stick causing the weights to fall off. 20mm wide by 4.0mm high. Packaging: 50 strips per box. 4 boxes per carton. 80 cartons per pallet (16,000 strips).

### “EASY LINER” ADHESIVE TAPE

- Easy to remove – with oversized liner
- Easy to tear – with paper tape liner
- Minimum damage to adhesive
- Better weight fitment
- No more frustration

### TRAX BRANDED 605B / 605E / 610CE - In electroplated, grey or black plastic coating

Our biggest selling range - TRAX branded. Superior adhesive tape, corrosion protection & appearance than budget line adhesive weights. High quality TRAX packaging with 4 boxes per carton. Easy to hold with marketing advantages. Available in electroplate or grey or black plastic coating. 19mm wide x 3.8mm high. Packaging: 50 strips per box. 4 boxes per carton. 80 cartons per pallet (16,000 strips)

An innovative company – TRAX now has “Easy Liner” tape across the car adhesive range.

### BUDGET LINE 601E / 602E - In electroplated, grey or black plastic coating

A budget line weight. Plain white box. Brown oversized paper liner. 19m wide x 3.8mm high. Packaging: 100 strips per box. No cartons. 160 boxes per pallet (16,000 strips). For 24 pallet orders customers can have their own box & label for any mix of the unbranded product range of adhesive weights.

**EASY**

with oversized liner

**EASY**

with paper tape liner

**NOT EASY**

with blue plastic tape liner.  
Difficult to tear / Damages adhesive / Problems on fitment

### ADHESIVE ROLLS

The strips are also available in 5Kg rolls. Quality made roll holders available. 150 rolls per pallet.
